EDITH I. CUMMINGS,
Treasurer.

Swanzey, N. H., Feb. 8, 1941.

The Swanzey Visting or District Nursing Association held it annual meeting at the home of Mrs. Arthur Perry, Thursday, Feb. 6, 1941.

The treasurer's report showed all bills paid and a small balance in the treasury.

The nurses' hours are from 8 a. m. to 5 p. m., except for emergency and obstetrical cases, those at any time, and her time off duty is Saturday p. m. and one Sunday a month.

The prices are, for ordinary calls, 75c, night calls, $2.00, obstetrical, $3.00, operation, minor, $1.00, operation major, $2.00. The telephone number is 696-5.

The Association was given a wheel chair and a commode chair by the late Mrs. Clarence Buchannan, for which we are very grateful.

Thanks are extended to the Ladies' Aid Society of the Congregational church for layettes, the Woman's Club of East Swanzey and Golden Rod Grange, for sewing, and the P. T. A. of North Swanzey for a donation of $5.00, and to many friends of the association who have given their time and support.

Respectfully submitted,
LILLIAN E. SAVORY,
President.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

December, 16,1940

To the Board of Selectmen
Swanzey, New Hampshire

Gentlemen:

Acting upon your request to this Commission for an audit of your accounts, we examined the accounts and records of the Selectmen, the

Treasurer, the Tax Collector, the Town Clerk and the Trustees of Trust Funds for the period from February 1, 1939, to November 20, 1940, and we submit our Report herewith in the form of Exhibits, together with our usual Certificate of Audit for the period under review.

Scope of Audit

Our examination and audit consisted of a complete verification of accounts and records for the above-named Town Officers. We examined and compared the Selectmen's Orders with the Treasurer's checks and supporting vouchers for the period under review. We reconciled all corresponding accounts with remittances to the Town Treasurer and Cash on Hand or in Bank at the close of the period.

The Treasurer's Accounts and records were carefully examined and found in good order. Cash in Bank was verified by Statement obtained from the Cheshire National Bank of Keene where funds are on deposit. This statement reconciled properly with the Cash Books of the Treasurer as of November 20, 1940.

We examined the Tax Collector's accounts and records, Tax Warrants and Tax Sales Records for the years 1938, 1939 and 1940. Tax Warrants were verified, including precinct taxes and added taxes. Collections and other credits by discounts, abatements and taxes sold were compared with corresponding records and remittances to the Town Treasurer together with Cash on Hand or in Bank. We made no direct verification of unpaid taxes or taxes unredeemed with taxpayers of record.

We examined the accounts and records of Trust Funds and verified all funds and activity therein with Bank Balances and other Securities in which such funds are invested or on deposit.

The records and accounts of the Town Clerk were also examined and found in balance with Cash received and remitted to the Town Treasurer.

The Balance Sheet

Cash Balances:

Cash on Hand with the Tax Collector and the Town Clerk was verified by actual count and Cash in Bank to the credit of the Town Treasurer and to the credit of the Tax Collector was verified by Statement obtained from the banks where such funds are on deposit. The result of our examination of Cash Balances is shown by Exhibits B-1 for the Treasurer, B-2 for the Tax Collector and B-3 for the Town Clerk. We believe these exhibits to be self-explanatory. The heavy Cash Balance with the Tax Collector is due to the time of the year when taxes mature and is fully supported in Exhibit B-2 of this report.

Uncollected Taxes:

Uncollected taxes shown as Assets in the current balance sheet represent unpaid taxes on levies of 1937, 1938 and 1939 only, for we have not examined nor audited levies of prior years. Financial reports examined showed no unpaid taxes from levies prior to 1937 as of January 31, 1940, but there is reason to believe that small balances remain unpaid or unabated at this late date. We recommend that proper form of abatement request and orders be used by the Selectmen to facilitate the complete clearance of Tax Warrants in due course. It was observed that

most of the balances remaining unpaid subsequent to the date of Tax Sales were uncollectible for one reason or another.

Unredeemed Taxes:

Unredeemed Taxes of $2,649.17 represent taxes unredeemed from levies of 1938 and 1939 as detailed in Exhibit D. We examined the record in the Registry of Deeds for Cheshire County and found it in agreement with the accounts and records of the present Tax Collector, Dora B. Fitzgerald, whose accounts we examined. We have not examined records of taxes sold for years prior to 1938, but we are told that tax collector's deeds are not taken regularly. This statement is supported by our examination of the record at the Registry of Deeds and also supported by an ex-Collector of Taxes, Mr. William R. Granger, with whom we have talked. The Selectmen have obtained a list of Tax Liens from the Register of Deeds which shows numerous items, yet unredeemed, some dating from 1909 or thereabout. The Town of Swanzey has no deeded property of record known to the present Selectmen. This situation should obviously be corrected as soon as possible, and Taxes should be sold and deeded in due course in the future.

The asset value of taxes unredeemed from levies prior to 1938 is undoubtedly questionable, but the practice of dropping such assets without clear settlement thereof should be abandoned. The result of such practice is to absorb the loss of assets through the "Net Debt" and ultimately include such losses in refinancing activities. The final result is unquestionably a corresponding increase in the tax rate.

Tax Accounts:

Exhibits E-1, 2 and 3 are submitted herein to show the result of our examination of Tax Warrants for the years 1938, 1939 and 1940. It will be noted that such accounts include the Precinct Taxes in addition to taxes found or so-called "Added Taxes" for each year. We found that Precinct Taxes were treated separately from other taxes although listed in the Warrants, and the practice was to remit such taxes to the Precinct only when collected. We have already recommended that such taxes be considered like other taxes with no attempt of segregation.

Unexpended Balances of Appropriations:

A Comparative Statement of Appropriations and Expenditures is submitted as Exhibit G in this report. We prepared this Statement in a form which, in our opinion, should be sufficiently detailed to enable complete control of individual appropriations. It will be noted that the final result shown in the last totals given is in agreement with the amount raised by taxation, including precinct taxes. It must be noted that the status of Appropriations as of any given date other than the end of the fiscal year will appear much different one from the other. The "Net Debt" is, however, accurately reflected in both instances and remains the indicative trend in town affairs.

There should be a clear distinction between individual appropriations for town officers to obey the implied orders of the voters in making budgetary appropriations. When voting the budget, the Town gives to its officers specific orders to perform certain services. It limits the expenditures for each purpose to certain definite amounts. In order that

the officer may know that he is properly obeying such orders, he must have a simple, yet adequate set of records which will show him the conditions of his appropriations at all times. Otherwise, he may spend money in excess of appropriations, and thereby exceed his authority, upset the year's program and increase the cost to the town.

It follows, therefore, that much can be gained by frequent balancing of appropriation statements. A study and comparison of such statements prepared at intervals and particularly at the end of each fiscal year will give valuable information for your guidance in town affairs.

It will be noted that we include the Precinct Assessments in this, Exhibit G, Comparative Statement of Appropriations and Expenditures. The Unpaid Balance of $583.56 due the Precinct as of January 31, 1940, represents $525.00 unpaid on the 1939 assessment and $58.56 unpaid on the 1937 assessment.

For your information we submit the following statement of the status of Precinct Assessment as of November 20, 1940:

	Year When Assessed			
	1937	1938	1939	1940
Regular Assessment,	$1,500.00	$1,500.00	$1,500.00	$1,500.00
Water Hydrants,	0	420.00	420.00	420.00
	$1,500.00	$1,920.00	$1,920.00	$1,920.00

	Year When Assessed			
Credits During:	1937	1938	1939	1940
1937	$1,005.67			
1938	435.77	$1,220.00		
1939		700.00	$1,395.00	
1940				$300.00
Total Credits,	$1,441.44	$1,920.00	$1,395.00	300.00
Balance Due,	58.56	0	525.00	1,620.00
	$1,500.00	$1,920.00	$1,920.00	$1,920.00

We call attention at this time to the item of "Overlay" as shown in Exhibit G referred to above. In addition to the overlay of $2,794.19 allowed for ordinary taxes, we have added $22.75 as overlay in Precinct Taxes assessed. The Precinct has assessed the Town for $1,500.00 to cover the year 1940 and Precinct Taxes assessed as included in the Tax Warrant amounted to $1,522.75 as shown therein. It must be remembered also that overlay is included in the amount raised by taxation to cover tax abatements allowed on the corresponding Tax Warrant, and not for the purpose of covering appropriation overdrafts as is often interpreted.

Long Term Notes Outstanding:

Long Term Notes outstanding of $14,000.00 are payable to the Trustees of Trust Funds and maturities are shown in Exhibit I of our report. It

will be noted that the next maturity falls on February 15, 1942. This is due to the payment of an additional $2,000.00 during 1938 over the maturity of that year. This will result in a saving of $600.00 in interest charges over the ten-year term of the original issue.

Trust Funds:

A Schedule of Principal and Income in Trust Funds is given as Exhibit N in our report. It will be noted investments in securities as shown in this Schedule consist of the following securities only:

Swanzey Town Notes,	$14,000.00
Swanzey School District Notes,	3,000.00
U. S. Treasury Note,	1,000.00

In addition to the foregoing, there is a considerable amount of securities the value of which is not included in the total principal of Trust Funds. These securities were left in Trust many years ago and were consistently reported on hand with no "book value" given. We believe that the market-value of these securities should be obtained from recognized brokerage houses and such value be taken as "book value" with proper notation thereof recorded on the books.

General Comments

During the course of our examination, we noted certain details in accounting procedure which, on the surface, may appear of minor importance, but in reality were causing evident difficulties and confusion. For better and more accurate accounting, we made several suggestions on the use of adequate and standard forms to be used which, in our opinion, will facilitate matters and will give better results. The Town Officers were very cooperative and accepted the suggestions gladly and sincerely. We are confident that many benefits will be derived from it and we look forward to better and more comprehensive reports of town activities in the future.

The courtesy and attention extended to members of our staff throughout this audit and examination is very much appreciated and we take this opportunity to offer our sincere thanks to all Swanzey officials who have so generously contributed their time and efforts toward making this assignment a very pleasant one.

Respectfully submitted,

Certificate of Audit

This is to certify that we have audited the accounts and records of the Selectmen, the Treasurer, the Tax Collector, the Town Clerk and the

Trustees of Trust Funds for the Town of Swanzey, covering the period from February 1, 1939, to November 20, 1940. Subject to our comments offered herewith, we found them correctly cast and properly vouched for.

We submit our report herewith in the form of Exhibits which, in our opinion, reflect the financial condition of the Town of Swanzey, as of November 20, 1940, to the best of our knowledge and belief.

Respectfully submitted,

In Memoriam

With deep sorrow, the School Board of the Swanzey School District records the death on January 10, 1941, of Mrs. Blanche Buchanan following a brief illness. Mrs. Buchanan had taught the fifth and sixth grades in the Cutler School for a period of thirteen years and had served also as principal for the last nine years. She was a conscientious and earnest worker, always interested in the progress of the children and the welfare of her school.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Swanzey:

I have the honor to submit my third annual report.

TEACHERS: Schools opened in September with two new teachers at the Wilcox school. Miss Jane B. Langer and Miss Barbara E. Carlson resigned, the former to do advanced professional work in New York City and the latter to accept a more lucrative position in Hanover. The School Board elected to fill these vacancies, Miss Louise L. Goodell, a University of Vermont graduate, and Miss Priscilla Leighton, a graduate of Fitchburg Teachers college. Miss Goodell was appointed principal and teacher of the upper grades and Miss Leighton teacher in the primary room. Both of these teachers are doing excellent work in their respective positions. To do the work of part-time teachers, Mrs. Helen Eastman was appointed to assist in the upper grade room in the Hopkins School and Mrs. Dorothy Story in the lower room at the East Swanzey School.

After the death of Mrs. Blanche Buchanan, the Board appointed Miss Thelma Dickinson to the principalship of the Cutler school and transferred Mrs. Dorothy Story to the fifth and sixth grades. Mrs. Elinor Kibbee, a graduate of Keene Normal school, was appointed to serve as assistant in the lower grade room of the East Swanzey School.

ENROLLMENT: The following table shows the actual membership in the Swanzey schools as well as the enrollment of Swanzey pupils in Keene and Winchester high schools as of December 31, 1940.

ENROLLMENT TABLE

School	1	2	3	4	5	6	7	8	9	10	11	12	Total
Cutler	16	12	16	23	22	18	19	19					145
East Swanzey	8	15	10	8	6	9	5	9					70
Wilcox	8	5	10	10	12	7	3	6					61
Hopkins	8	9	10	11	12	7	12	15					84
Westport	3	1	4	1	3	2	3	4					21
Keene High									30	27	29	18	104
Thayer High									1		1		2
Totals	43	42	50	53	55	43	42	53	31	27	30	18	487

These figures indicate at least an enrollment of over 40 pupils in grades five and six in the Cutler School, in both rooms of the Hopkins School, and in the lower grade room of the East Swanzey School. This is a very heavy instructional load with even one grade to a room. Consequently, two full-time and one part-time assistants are recommended to ease this situation. The present method of employing two teachers to a room is not satisfactory and extremely wasteful. Consequently, if this arrangement is continued, it should be modified by renting additional rooms for instructional purposes.

The figures indicate an increase of the total enrollment in the high school for the next school year of about twenty-five pupils.

SCHOOL BUILDING PROGRAM: The special committee appointed at the last annual meeting of the District submits its recommendations for your consideration in this report. All data compiled for the last fifteen years from various sources, such as school census statistics, enrollment, attendance, and membership records, show an increase in the elementary school population of 100 pupils or approximately 30 per cent over this period. Decided overcrowding exists in the Hopkins, East Swanzey and Cutler Schools. To further complicate the instructional problem in the former schools, the teachers are required to teach four grades. The Cutler School is organized on a two-grade to a room basis.

Probably the best solution to relieve the congestion in these sections would be to erect a four-room building for the seventh and eighth grades in the central portion of the town. This building would permit the work for these grades to be organized along modern junior high school lines now so widely adopted throughout the state. The erection of such a building in the center of the town would also lessen the hazard of finding unused school rooms in certain sections of the town caused by a shift in population in future years.

The next best solution, as the committee points out, is the erection of two-room additions to the Hopkins and Cutler school buildings. This expedient would not be so costly on constructional, operation, and transportation costs but the instructional program would be restricted as well as teaching costs increased.

The adoption of either plan, however, would relieve the congestion now existing and would mean fewer pupils to a room and a consequent increase in individual instruction.

In conclusion, I wish to express my appreciation to the teachers and pupils, to the School Board, and to the parents and patrons of our schools for their loyalty and cooperation.

Respectfully submitted,
CHARLES W. WALKER,
Superintendent of Schools.

TO THE SWANZEY SCHOOL DISTRICT VOTERS

During the progress of your 1940 School District Meeting, you appointed a special committee to work with your School Committee in solving two pressing problems.

First, this committee was instructed to make every attempt possible to reduce the tuition for each Swanzey High school pupil at the Keene High school. Your committee is pleased to state that they were able to negotiate with the Keene School Board a contract which reduced the proposed High school tuition from $100 to $90 per pupil.

Second, this committee was instructed to study the overcrowded conditions at the Cutler, Hopkins and East Swanzey school buildings. Your committee respectfully submits the following report and recommendations to overcome this situation which, in the minds of your committee, is and will continue to be a serious detriment in the progress of the pupils affected, until you take some action as recommended in the following.

During the past year this committee has contacted the State Board of Education, the Superintendent of Schools, leading architects and school building contractors and held many meetings attempting to solve this problem most efficiently and economically. As a result necessary articles appear in your 1941 Warrant which mention definite solutions of this problem.

While the education of the pupils is the paramount consideration, it is of course necessary to consider many other issues, which cannot be overlooked. We refer to the hazard and cost of transportation, increased operating expenses and last but not least the pocket book of the tax payers.

We unanimously agree that a new 4-room Junior High School Building, centrally located would be the ideal proposi-

tion from an educational standpoint alone, as such a building would allow you to operate a classified Junior High school, with courses in Domestic Science and Manual Training, which could not be furnished under any other plan. The expense, however, of this ideal solution amounting to approximately $30,000.00, is such that the committee cannot unanimously approve.

Positive that some action must be taken to relieve this situation, you will find other articles covering alternative suggestions.

One of these articles covers the erection of two, two-room additions, one to be erected at the Hopkins, the other at the Cutler school at a total cost of approximately $20,000.00. Your committee can, and does unanimously recommend the building of these two additions at the earliest possible moment.

If, you as voters, feel that both of these additions should not be built in 1941, the committee suggests that you vote to build one two-room addition at the Hopkins school in 1941, and if conditions still remain as at present at the Cutler school, erect the other one in 1942.

The only other possible solution, is to install extra teachers in the present buildings as an aid to the present teaching force, and your committee has learned through your Superintendent and the State Board of Education, that the results of this plan will be far from satisfactory.

As a matter of information, should you erect two, two-room additions as recommended by your committee, and raise and appropriate the necessary funds in your voting district in 1941, the increase in your present taxes will be approximately $1.15 per $100.00 valuation.

Should you vote to build a new 4-room Junior High School, a project not recommended by your committee, under the same conditions just mentioned above, the yearly increase in your taxes will be approximately $1.75 per $100.00 valuation.

However, should you vote to borrow the necessary funds for two, two-room additions and amortize your payments on the principal borrowed over a period of years, let us say 10 years as an example, the approximate increase in your yearly tax rate will be 42 cents per $100.00 valuation.

Should you follow this same plan in respect to a 4-room Junior High School, the approximate yearly increase in your taxes will be 54 cents per $100.00 valuation.

Your committee in submitting the foregoing report sincerely believes that you should take definite action on this problem before you close your 1941 District Meeting.
